THE THAUMATURGICAL REMEDIALS. THE GREATEST SUCCESS OF THE AGE.

In order to convince the skeptical, we this day publish the following opinions, as order from many thousands voluntarily given by intelligent, respectable scools, who have used the UNIVERSITY MEDICINES themselves, or in their families, as a moral gueran we that these massificant remedials are totally unlike the patent nostroms of the hour.

THE UNIVERSITY MEDICINES
are remedies of high character, prepared on strictly scientific chemical principles. cine chemical principles.

They are to-day curing more sick people than the allopathic, Homosopathic and Eclect schools dembined.

offected by the UNIVERSITY MEDICINES during the year

The following testimoulais out of many thousands, are appended to order to show the immeasurable superiority of the UNIVERSITY MEDICINES over any remedies ever presented to the people in any age.

BS.—Personally appeared before me this 5th day of May, 1976, J. W. Scott, President; L. Hassert, Vice Fresident; John C. Howard, Treasurer, and George Powell, Secretary of the New York Medical University, and made can upon the Holy Evangei of Almighty God that the following are genuine, unsolicited extracts taken from original latters being daily received at the Insulate.

WM. H. RIBLET, Noiary Public,
Corner Ninth street and Third avenue, New York.

GENTLEMEN—Send us a full line of your goods by steamer as soon as workle, as we intend to make the sale of the UNIVERSITY MEDICINES a specialty, having more conditioned in their curative properties than any medicines we have ever sold. In fact, we have the most unbounded belief in them, and always recommend them to our customers in preference to all others we have ever shown or sold. We have recettly made some antonishing cures in Mobile of serofids, catarria, kitney diseases, &c., with your Cancer Plant, Lithia, Speciec, &c. B. A. B. G. UOULD, Druggists, thirty-five years' standing.

To Prof. Scott—
Enclosed please find sketch of a "Hard Old Leg" subject.
William Carson, of this place, age 48; weight, 185 pounds;
disease, indure of scrotulous ulcer, painful and gangrenous,
of 28 years standing. It had exhausted all the skill of numerous physicians during that time.
This terrible picture was the condition of his leg on the lat merous physicians during that time.
This terrible picture was the condition of his leg on the lat
of Fairuary, 1876.
By the use of the Cancer Plant Extract, Healing Blood
and Bone Ointment and May-Apple Pills he is now entirely and Sone Ointment and May-Apple Pills he is now entirely cured.

This case has altracted remark and amazement. He being a poor man, and one turned out to die, the medicines were furnished at cost -\$15.

Besides, your Five-Minutes' Pain Curer and Neuralgo-Rheumatic Elitir have straightened his neck, drawn to an angle of forty-five degrees.

I took him in hand, while all the doctors laughed at me and considered it a good joke to attempt to cure this poor man; but, thank God, I have cured all his maindies, restored his strength and made him a well person with the UNIVER-SITY MEDICINES.

I think, dear doctor, that God has laughted you to bring forth remedies for the cure of His adhicted children that nothing in the shape of medicines has yet approached.

SAMUEL B. GREEN.

PROFESSORS—I received the medicine you sent in good order. My wife has been doctoring seven years for falling of the womb, and received no bonest whatever. When the UNIVERSITY MEDICINES came to band she was just recovering from a severe uterine hemorrhage, and was unable to walk a step. After using the Injection of Chloride of Gold four times she was caubled to attend to her home duties, and is to-day doing her own washing without her accurated apporter. The medicines are acquiring a great reputation here.

FAIRPOET, Iowa, March 5, 1876.

GENTLEMEN—Your Katalpa Extract works like a charm. There is nothing equal. I have been affected with sick head-ache and liver complaint since last spring. Took three doses of your Headache Pills, and can say they have cleaned my head out as clean as a bell. I gave the balance away, saying, "gentiemen, be convinced; I am."

TARMOUTH, Mc., May 9, 1870.

DOCTOR-My mother is taking your Cancer Plant for dropsy. Two bottles have done for more good than three years' doctoring from the best physicians of this place, 'E I hope the Lord will continue to prosper you in the good Mrs. SARAH A. WHITTON.

DEL SCOTT AND ASSOCIATES—The UNIVERSITY MEDI-CINES are creating a great deal of talk among the people. The Blood and Bone Outment works like a charm in ring-worm and cutaneous diseases. It also has cured a bad case of piles. The Sumbul was tried on a case of asthms of ten years standing which it immediately releved. Our M. D.'s are taking a great stand for the medicluses. JAS, D. TO THE PUBLIC AND ALL WHOM

Mr. Editor of the Occidental:

Dear Sir.—Be pleased to insert in your columns the following, and oblige,

Tours, respectfully,

FRANCISCO L. ARAGON.

The Reduction Works (Hacelanda de Beneficle) in Guadaiupe de los Reyes are indebted to me for a sum of money due me from the owners thereof. A mort rage upon and possession of said works was made and given me by them, as will more fully appear by the public instrument executed by them in the year 1864, before the Judge of First Instance of Cosals, Citrem Lifeculiae Francisco Malcampo, and which I duly presented to, and which was seen by the Governor and Secretary of State.

On the 27th of last month my creditors discovered the most expeditious means of discharging their obligation, the Frefect of Cosals, Rafael Boulla, depriving me of the said property and delivering the same to them, and, what is worse, ignoring every effort made by me to prevent them from thus arbitrarily despolling me of the same. All was of no avail.

The Governor and Secretary assured me that no such arbitrary order had been issued by them to the Prefect. This I believe to be the case, and thence it results that the Prefect has more power and authority than the Executive Magnitrate of the State or the Casar of Russia, since not even the laster committe similar acts.

Such proceedings should awaken the attention of all, and principally of the authorities, who should, I suppose, test a profound interest in proving that in our country exist the guarantees which our fundamental bill of rights offers. How is it to be expected, with such proceedings in Sinalos, that either at home or abroad confidence can be founded, so that enterprises of any kind involving the tuvestment of money can be undertaken? The law should alike shield the great and small; because it has ever been seen that, sooner or inter, the laster will obtain that justice of which he had been domplain of the immorality of justice?

Les the law ever be respected and obeyed, and when we complain let our complaints be heart.

Mesars. Editors of the "Occidental," Mazatian:

I supplicate you to be pleased to give publicity in your appreciable journal to the present communication, which is designed to advise every community in which it may have circulation, and especially those persons directly interested, that by virtue of the denouncement made of the mines "Estaca" and "Descubridgers" of "Guadalpse de los Reyes," some fourteen months ago, after a formal proceeding and without direct opposition, myself, the understand Don Jose Maria Gaviola, Senior, and Don Jose Maria Gaviola, Senior, and Don Jose Maria Gaviola, Senior, and Don Jose Maria Gaviola, Jr., the former representing one-half of each of said mines, and the second and last the remaining half, were placed in possession of the same. And as recently certain events have transpired which have gravely affected us in our rights thereto; since, without hearing or adjudication, and without owing any person up to this time, and after three days possession, we have been, by violence and in the name of the supreme government of the State, outside thereform, and link, too, without our er having seen the order to that edect. We have consequently deemed it to be our duty, and as pertinent to our rights in the premises, to avail ourselves of the press to advise the public that we have never consented to this violent ejectment; that our shares are free and unnontumbered, with their respective products; so that when the time arrives we shall sue for damages and for the re-possession of the mines taken from us. And, finally, that whatever defence of law and right belongs to us we shall not fail to avail ourselves of when the fees has subsided with which these proceedings have impressed us. Before the law and justice we exact only what is our due, and as yet we have not been able to make our defence for want of copies of the document, which have never been served upon us. Novarthelies, we have documents in our possession which can be opportunely seen.
